KERALA SHINES AS GLOBAL INNOVATION HUB

"Huddle Global 2024 exemplifies Kerala's transformation into a global epicentre of innovation and entrepreneurship. This year's edition, with its unprecedented scale and international participation, has reinforced our commitment to nurturing a vibrant startup ecosystem. Through initiatives like the LEAP Centres and the Emerging Technology Hub, Kerala is fostering cutting-edge advancements in space tech, sustainability, and healthcare, while empowering our entrepreneurs to compete on a global stage. Huddle Global 2024 has brought together 3000+ startups, 250+ speakers and generated 1000+ business connections for startups. The event not only celebrates our homegrown talent but also strengthens Kerala's position as a preferred destination for innovation and investment, driving inclusive economic growth and sustainability for the future."

PINARAYI VIJAYAN
CHIEF MINISTER OF KERALA

FOREWORD

(FROM CEO'S DESK)

Kerala's startup ecosystem in 2024 demonstrated a focused and systematic approach through strong government initiatives and a decentralized development model. A collaborative ecosystem, driven by stakeholders and global events like Huddle Global, attracted international contributions. The Emerging Technology Hub, focusing on SHADE sectors—Space, Healthcare, Agriculture & Food, Digital Media & Entertainment, and Energy—leveraged Kerala's traditional strengths to nurture deep tech startups. With 6200+ startups already established, the state is poised for exponential growth in high-potential startups, paving the way for an innovation-driven economy in 2025. Kerala continues to set a benchmark for inclusive and sustainable entrepreneurial development.

HUDDLE GLOBAL 2024

Huddle Global 2024, India's largest beachside startup festival hosted by Kerala Startup Mission (KSUM), reinforced Kerala's position as a global innovation hub. Held from November 28th to 30th at The Leela Raviz, Kovalam, the event brought together 4000+ delegates, 3000+ startups and 240 speakers.

With over 1,000 business connects, 250+ investment meetings, and 300+ mentoring sessions, the event facilitated collaborations, funding opportunities, and invaluable insights. Highlights included 15 product launches, 10 MoUs, and unique experiences like the "Sundown Huddle" and "Beachside Mentoring," creating a dynamic environment for growth and networking.

THE GRAND LAUNCH BY VISIONARY LEADERS

Shri Pinarayi Vijayan, Hon'ble Chief Minister of Kerala, officially inaugurated Huddle Global 2024, reaffirming the state's commitment to fostering entrepreneurship and innovation on a global scale. The ceremony highlighted Kerala's emergence as a premier hub for startups, drawing attention from industry leaders, policymakers, and investors. The inauguration was graced by prominent dignitaries, including Shri Anoop Ambika (CEO, Kerala Startup Mission), Dr. Rathan U Kelkar IAS (Secretary, Electronics and IT), Smt Sarada Muraleedharan IAS (Chief Secretary), Shri S.D. Shibulal (Co-founder, Infosys), Dr. Sumeet Kumar Jarangal IAS (Director, DPIIT), Shri Shaji K.V. (Chairman, NABARD), Shri Abhay Jere (Vice Chairman, AICTE), Smt Bhuvaneshwari A (Chief General Manager, SBI), and Shri Tom Thomas (COO, KSUM).

TRACKS THAT **INSPIRED**

Huddle Global 2024 was designed around specialized tracks, each focusing on critical areas of innovation and industry growth - Marketing Madness, Funding Mania, Deep Tech Zone & Business Sphere. Each track featured panel discussions, masterclasses, and hands-on workshops, ensuring a well-rounded experience for participants.

SHOWCASING INNOVATION ACROSS SECTORS

The Main Stage at Huddle Global 2024 stood as the event's focal point, hosting 45 sessions with 125+ speakers over three days. Covering diverse themes such as AI, sustainability, healthcare, and cultural entrepreneurship, the stage underscored Kerala's leadership in innovation and entrepreneurship.

Key highlights included advancements in AI, green hydrogen, and graphene technology, alongside ISRO's vision for space tech and Kerala Genomic Data Centre's transformative potential. Discussions emphasized carbon neutrality, scalable green energy solutions, and opportunities in creative sectors,

healthcare, and EdTech. The event also spotlighted investment strategies, venture debt, and international collaborations through sessions like the UK-India Startup Bridge. These discussions inspired startups to think globally while leveraging local strengths.

By fostering collaboration among entrepreneurs, investors, and policymakers, the Main Stage catalyzed growth and emphasized the role of innovation and policy support in shaping India's future.

MAINSTAGE IMPACT

Featuring diverse sessions across technology, healthcare, sustainability, and cultural sectors, it provided startups with visionary insights and actionable strategies. High-impact discussions emphasized the importance of collaboration, policy support, and scalable models for growth. The event fostered meaningful networking among global stakeholders, while strategic MoUs and Letters of Intent underscored Kerala's commitment to driving innovation, fostering global collaborations, and creating an interconnected startup ecosystem.

MOUS & PARTNERSHIPS

Huddle Global 2024 featured a total of 120 speakers across 45 sessions during its main events, with 36 speakers on Day 1, 39 speakers on Day 2, and 35 speakers on Day 3. Additionally, six MoUs and two Letters of Intent (LoIs) were signed, emphasizing collaboration and innovation across various sectors.

MOUS SIGNED:

1. Startup Infinity Centre - Brussels, Germany (with Adesso SE)
2. Establishment of Kerala Defense Innovation Zone (with Electronics Technology Parks - Kerala)
3. ARAI-AMTIF Collaboration (with ARAI - Advance Mobility Transformation & Innovation Foundation)
4. YES Bank Services Collaboration (with YES BANK)
5. Robopark (with Thrissur District Panchayat & Inker Robotics)
6. Implementation of Parivarthan CSR Scheme for Startups (with HDFC Bank)

LETTERS OF INTENT (LOIS):

1. Setting up of Freedom Square (with AICTE)
2. Letter of Intent for Collaboration (with The British Council)

Roundtable Discussions

The roundtables at Huddle Global 2024 were pivotal in driving focused discussions and actionable outcomes across key sectors. With eight thematic roundtables hosted during the event, each served as a platform for experts, policymakers, entrepreneurs, and thought leaders to collaborate and chart a path for innovation, policy reforms, and partnerships.

● CM Roundtable

Chaired by Hon. Chief Minister Sri Pinarayi Vijayan, the CM Roundtable at Huddle Global 2024 brought together government leaders, industry veterans, and global representatives to discuss policy reforms and strategies for Kerala's startup ecosystem.

The roundtable emphasized improving infrastructure, market access, international collaboration, cybersecurity, and sales and marketing training. Distinguished attendees included Smt Sarada Muraleedharan IAS, Dr. Rathan U Kelkar IAS, and industry leaders like Sri Ajay Chowdhary and Sri Shibu Lal, alongside global delegates from Switzerland, Finland, and Chile. The session underscored Kerala's commitment to innovation and global partnerships.

● Industry Round Table

The Industry-Corporate Roundtable at Huddle Global 2024 facilitated insightful discussions on enhancing corporate-startup collaborations. Mr. Anoop Ambika, CEO of KSUM, opened the session, followed by a keynote address by Shri P Rajeev, Hon'ble Industries Minister, who emphasized Kerala's potential as a global innovation hub. The roundtable, featuring industry leaders, explored strategic partnerships, the establishment of MNC back offices in Kerala, and CSR's role in empowering startups.

● Spacetech Roundtable

The SpaceTech Roundtable at Huddle Global 2024 highlighted the importance of collaboration between R&D institutions, industry, and government in driving innovation in the sector. Key outcomes included ISRO's support for startups, workforce development through training programs, and a centralized research database. Recommendations included creating a 'Space-park', integrating SpaceTech with defense and health sectors, and forming a mentor pool. Notable participants included Dr. S Somanath, Chairman of ISRO, and representatives from VSSC, LPSC, KSPACE, and leading SpaceTech startups.

● Finance Roundtable

The Finance Roundtable at Huddle Global 2024 emphasized Kerala's transition towards a knowledge-based economy, leveraging its strengths in maritime and tourism, driving research-based innovation, and government support for R&D infrastructure. Hon. Finance Minister K.N. Balagopal highlighted Kerala's transition towards a knowledge-based economy. VCs emphasized improving capital access, skill development, and regulatory streamlining to create a start-up-friendly environment.

● CSR Roundtable

The CSR Roundtable at Huddle Global 2024 highlighted the potential of technology-driven solutions to tackle social and environmental issues. Participants discussed the integration of CSR into business strategies and the role of social entrepreneurship in achieving sustainable outcomes. Key discussions focused on scalable tech solutions for water conservation, waste management, and renewable energy.

● Agri Roundtable

The Agri Roundtable at Huddle Global 2024, chaired by Dr. B. Ashok IAS, highlighted Kerala's leadership in agricultural innovation and NABARD's critical role in supporting startups and rural development. Key discussions focused on leveraging emerging technologies like AI and IoT, fostering public-private partnerships, and overcoming barriers like digital illiteracy and high costs.

● Beyond Borders Roundtable

The Beyond Borders Roundtable emphasized the importance of strengthening global startup ecosystems through international collaborations, with Kerala as a strategic hub. The roundtable brought together a diverse group of participants, including Mr. Anoop Ambika, CEO, KSUM; Mr. S D Shibulal, Co-founder of Infosys; Mr. George Brody, Chairman, Turbostart; international delegates from countries like Finland, Chile, and the UK; and prominent investors and entrepreneurs.

● Sustainability Alliance Meet

The Sustainability Alliance Meet at Huddle Global 2024 emphasized the importance of sustainable construction practices in India. Organized by the Construction Innovation Hub (CIH), the meet facilitated collaborative discussions among key stakeholders to address the urgent need for sustainable transformation in the construction industry. The meet brought together a diverse group of experts and stakeholders from construction, sustainability, and technology sectors, including Dr. Deepthi Bendi: Assistant Professor, National Institute of Technology Calicut (NIT Calicut), Mrs. Ar. Suja Kartha: Principal, Marian College of Architecture and Planning, Mr. Aditya Shukla: Founder & CEO, Saltech Design Labs Pvt Ltd, Mr. Tejas Rao: External Ventures Manager, Saint Gobain Research India, Mr. Siddharth A K and Mr. Alvin George: Founders, Carbon & Whale, Ms. Sumi Sukumaran: Head of Infrastructure and Inclusive Entrepreneurship, KSUM

EMERGING TECHNOLOGY ZONE

Huddle Global 2024's Emerging Technology Zone showcased advanced technologies in AI, Quantum Computing, Autonomous Vehicles, SpaceTech, and more. With 15 sessions, 35+ speakers, and 22 product showcases, the zone facilitated collaboration between startups, academia, and industries. The Research Innovation Programme for Women Startups (RIPWS) spotlighted prototypes from women researchers in biotech and biomedical engineering. This dynamic platform positioned Kerala as a hub for emerging technologies, promoting innovation, partnerships, and global recognition.

Emerging Tech Zone Impact

The Emerging Technology Zone at Huddle Global, 2024, attracted enthusiastic discussions around the latest advancements in technologies such as AI, EdgeAI, Quantum Computing, Autonomous Vehicles, and Space Technology. The zone also focused on the support provided by various stakeholders to deep tech startups, highlighting their role in fostering innovation.

TECH TALKS FOR A SUSTAINABLE FUTURE

At Huddle Global 2024, the Tech Talk sessions on emerging technologies highlighted Kerala's vision to lead the global tech wave. Dr. P.V. Unnikrishnan discussed Green Energy and Micro Grids, while Dr. Alex James discussed Graphene's applications in technology and industry. Dr. Raju M, Head of Kerala Genomic Data Centre, highlighted the Centre's role in genomics research and innovation, and K. Premkumar, Scientist at ANERT, delved into the transformative potential of green hydrogen in addressing global energy challenges. These sessions highlighted Kerala's commitment to driving innovation for a sustainable and technology-driven future, highlighting the country's vision to lead the global tech wave.

BEYOND BORDERS

The Beyond Borders platform at Huddle Global 2024 brought together 35+ speakers from 15 countries across 18 sessions, focusing on scaling Indian startups internationally. Key themes included market expansion, cross-border funding, and ecosystem partnerships. Notable collaborations included the German-India Bridge and Hub.Brussels, fostering partnerships between Indian startups and European networks. Discussions on inclusive leadership and innovation underscored the importance of diversity in global business success. Beyond Borders empowered Indian startups with insights, connections, and resources to thrive in international markets, cementing Huddle Global as a bridge to global opportunities.

Beyond Borders Impact

The Beyond Borders platform at Huddle Global 2024 brought together 35+ speakers from 15 countries across 18 sessions, focusing on scaling Indian startups internationally. Key themes included market expansion, cross-border funding, and ecosystem partnerships. Notable collaborations included the German-India Bridge and Hub.Brussels, fostering partnerships between Indian startups and European networks. Discussions on inclusive leadership and innovation underscored the importance of diversity in global business success. Beyond Borders empowered Indian startups with insights, connections, and resources to thrive in international markets, cementing Huddle Global as a bridge to global opportunities.

FUNDING MANIA

Funding Mania at Huddle Global 2024 was a dynamic three-day event featuring 20+ sessions, startup pitches, masterclasses, and networking opportunities. Highlights included the Investor Connect, which facilitated 90+ one-on-one meetings between 40 startups and leading investors, and the ElevateHER Pitch session, showcasing women-led startups. Key sessions like “Kerala’s Fund of Funds” and masterclasses by investors provided actionable fundraising strategies, while the Investor x Startup Mixer fostered meaningful connections. The event highlighted empowering startups to scale globally.

Funding Mania Impact

Funding Mania at Huddle Global 2024 made a profound impact by bridging the gap between startups and investors, facilitating meaningful connections, and unlocking funding opportunities. The Investor Connect sessions, dynamic pitch events, and masterclasses empowered startups with actionable insights, while the ElevateHER initiative highlighted the commitment to fostering diversity in the investment landscape.

Huddle Investor x Founder Mixer

The Huddle Investor x Founder Mixer, hosted by Unicorn India Ventures on November 29, 2024, at The Hub, brought together 150 key players, including VCs, HNIs, angel investors, CXOs, and growth-stage founders. This exclusive networking event highlighted Kerala's dynamic startup ecosystem and fostered meaningful connections. With strategic curation by Unicorn India Ventures and startups from their portfolio, the mixer received positive feedback for its execution. Investors praised Kerala's vibrant ecosystem, recognizing its innovative developments and potential for growth.

MARKETING MADNESS

The Marketing Madness event at Huddle Global 2024 attracted over 1500 participants, including startups, corporates, and marketing experts. Key highlights included 21 sessions on marketing masterclasses, AI and content strategy, and panel discussions on building a strong personal brand. Networking sessions led to collaborations and mentorship opportunities, empowering startups with actionable strategies for growth. The event also strengthened Kerala's marketing and startup ecosystem.

Marketing Madness Impact

Marketing Madness at Huddle Global 2024 successfully bridged the gap between marketing theories and practical applications for startups. The program left participants inspired and equipped with actionable insights to enhance their brand presence and marketing efforts

SUSTAINABILITY ZONE

The Sustainability Zone at Huddle Global 2024 was a platform for innovators, corporates, and policymakers to explore sustainable technologies and impact-driven initiatives. Key highlights included 13 sessions, a startup showcase, and discussions on carbon credits, responsible tourism, eco-products, and clean energy investments. The event promoted green practices and positioned Kerala as a hub for sustainable entrepreneurship.

Sustainability Zone Impact

The Sustainability Zone at Huddle Global 2024 showcased the transformative potential Of eco-friendly practices construction. green energy, water conservation, and waste management. Key outcomes included actionable frameworks for scalable sustainable models, commitments to green certifications, and advancements in energy-efficient technologies. The zone also highlighted the role of education and cultural shifts in embedding sustainability within industries, setting a benchmark for sustainable transformation in Kerala and beyond.

MASTERCLASS

Huddle Global 2024 hosted 18 expert-led Masterclass sessions on startup lifecycle, AI integration, investor readiness, and emotional well-being. Speakers included CareStack's Tamojit Sen Gupta, Google's Manish K, and Bluepurple Management Consulting's Vinitha Joseph. Other organizations like NVIDIA, Google, Microsoft, and Wadhvani Foundation contributed to the expertise. Key highlights included AI-focused sessions, investor readiness workshops, and regional insights from Kerala's potential as a global innovation hub.

Masterclass Impact

The Masterclass sessions at Huddle Global 2024 had a transformative impact on the startup ecosystem, equipping participants with actionable strategies and specialized insights across diverse domains. By bridging gaps in knowledge and fostering collaboration between industry leaders, startups, and investors, these sessions strengthened Kerala's position as a global innovation hub. The masterclasses empowered startups to integrate cutting-edge technologies, refine their investor pitches, and prioritize emotional resilience, laying a strong foundation for sustainable growth and global competitiveness.

KPH MASTERCLASS

The KPH Masterclass, moderated by Felix Josemon, focused on launching, marketing, and scaling products globally from Kerala. The panel featured industry leaders such as Arjun Pillai, CEO of Docket Inc., Sandeep Balaji, CEO of IncrementumX, Narayan Babu, VP of Banking India at Zeta Suite, Mufeed VH, CEO of Asterisk, Jery Althaf, CEO of KOLO.App, Shan Abdul Salam, Founder & CEO of The One Percentages, and Andrew Bastin, Co-founder & CTO of Hoppscotch. The event aimed to explore strategies for bringing innovative products from Kerala to the global stage.

FOUNDERS MEET: ULTIMATE EDITION

The 25th Founder's Meet, part of Huddle Global 2024 in Trivandrum, attracted 300 founders, industry leaders, and stakeholders to drive entrepreneurial growth. Moderated by Divya Bajaj, VP of London & Partners, the event focused on community collaboration and insights from top leaders. Key speakers included Anoop Ambika, CEO of Kerala Startup Mission, Dr. Ajai Chowdhry, Co-founder of HCL, Priyanka Gill of Kalaari Capital, and S.D. Shibulal, Co-founder of Infosys. The event concluded with networking sessions, fostering partnerships and community building.

CO-FOUNDER DATING

The session "Co-founder Dating: Find the Right Mate for Your Startup" by **Radhika Mohta** was an engaging and interactive experience. Activities included tools like the "Conversation Menu" to facilitate meaningful discussions and "Human Bingo," which encouraged attendees to network creatively by matching descriptions with others. This session aimed to foster connections and collaborations among startup founders in a unique and fun way.

M.I.N.D

(MENTORSHIP, INNOVATION, NETWORKING, AND DEVELOPMENT) PROGRAM

The MIND program at Huddle Global 2024 successfully facilitated mentorship-driven growth for startups, hosting over 300 sessions over three days. Participants from various sectors, including technology, healthcare, green energy, and digital transformation, shared insights and ideas. The program also provided networking opportunities, fostering collaborations and resource-sharing. The outcomes included improved scaling strategies, increased resilience, and long-term partnerships. Participants praised the structured format and impactful mentor interactions.
