Pitch event

April 25, 2025

Startup Infinity, with the support of Kerala Startup Mission, successfully hosted a virtual pitch event on April 25, 2025. The session brought together a curated lineup of high-potential startups and leading industry experts, creating a platform for collaboration, feedback, and growth.

Three innovative startups from Education, AgriTech, and SaaS Distribution sectors presented their ventures, showcasing bold ideas and scalable business models.

Featured Startups

InsightsE

Sector: EdTech

Overview: InsightsE is reshaping student development with a personalized, data-driven platform that partners with schools to deliver a 360-degree growth plan for each child. By replacing static reports with actionable insights, InsightsE empowers parents and educators to unlock every student's potential.

X Boson AI

Sector: AgriTech

Overview: X Boson AI is pioneering smarter farming solutions with:

Caax: A scalable, soil-less vertical hydroponic system.

KrishiSat: A satellite-powered platform offering personalized agricultural advisory services, helping farmers enhance productivity with real-time data insights.

Febno Technologies Pvt. Ltd.

Sector: SaaS Distribution / B2B Tech

Overview: Febno's SaaSOrder platform simplifies technology procurement and license management, offering access to over 1,000 global software products. It seamlessly integrates with leading platforms like Microsoft 365, Google Cloud, and AWS, empowering businesses to streamline operations.

Highlights

- High-impact startup pitches
- Insightful interactions with industry experts
- Vibrant discussions on scaling and innovation pathways

Closing Note

This pitch event once again showcased the strength of Kerala's dynamic startup ecosystem. Platforms like Startup Infinity continue to nurture bold ideas, foster collaboration, and create pathways for startups to scale globally

Startup Achievement Spotlight | Dreamloop.ai

Rahul AR
Founder-Dreamloop.ai

We are thrilled to share a proud moment for our ecosystem!

Dreamloop.ai, a Kerala-based AI EdTech startup, has been selected for the 4th edition of Eureka! GCC, a premier entrepreneurship program powered by Gulf Islamic Investments (GII) and E-Cell, IIT Bombay.

Founded by Rahul AR, Dreamloop.ai is revolutionizing game creation with Max2D, a mobile-first, no-code platform that enables users to turn text into playable games using AI.

With over 3.1 million users creating 10 million+ game projects, Dreamloop.ai is redefining how creativity meets technology – making game development accessible to everyone.

Eureka! GCC is a prestigious program that offers early-stage startups access to global mentorship, workshops by industry leaders, and an opportunity to win from a \$100,000 equity-free cash prize at the Grand Finale in Dubai. The selection of Dreamloop.ai marks a significant milestone, showcasing the strength and innovation emerging from Kerala's startup community.

At Startup Infinity, we are proud to have supported the outreach for Eureka! GCC nominations as an ecosystem partner and to see one of our associated startups shine on an international platform.

Congratulations to Dreamloop.ai and Rahul AR for this incredible achievement! We look forward to seeing them scale greater heights and represent the spirit of Kerala's innovation ecosystem on the global stage.

Scaleup Index 2025 – Join the Survey!

Startup Infinity presents the Scaleup Index 2025, an exclusive survey designed to map the journey of startups in the GCC region. This initiative aims to gather insights on startups operating in or exploring opportunities within the UAE and other GCC countries.

We want to understand your startup's growth, including its registration, business presence, expansion plans, affiliations with incubators or accelerators, and funding received from GCC-based venture capital firms. Your participation will help shape better resources and strategic support for founders like you.

Be part of this transformative initiative to map the journey of startups in the Middle East market.

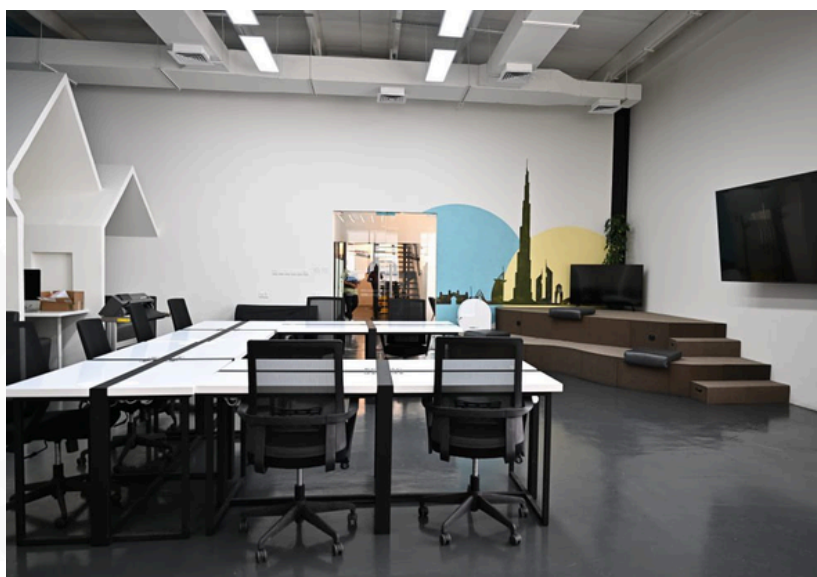

REGISTER NOW

Be Part of Startup Infinity Dubai

The Startup Infinity (SI) Desk is a dedicated platform for NRIs and startups to establish and expand their businesses. It offers company registration support, access to Kerala's tech talent, co-founder matchmaking, and strategic partnerships.

Startups from Kerala can leverage global market access, while international startups get three months of free workspace to explore the Indian market. With investor connect programs, business workshops, and support from Startup Middle East, SI Desk is set to be a vibrant hub for global startup growth.

Unlock Opportunities with the Food Industry Cohort – Apply Now!

The Food Industry Cohort, powered by Jaleel Holdings LLC & Kerala Startup Mission, is a startup market acceleration program designed to foster innovation, strategic partnerships, and investment in the food sector.

Who Can Apply?

Startups in food-tech, agritech, sustainable packaging, and supply chain innovation.

What's in It for You?

Mentorship, networking, investor connections, and access to Middle East market expansion programs.
